## Principal's Message

Founded by the United Nations (UN) in 1994, the International Day of Families is observed every May 15 to honor the importance of families. Families—both traditional and non-traditional—are the foundation of society. Our most formative years are spent with our families and those people are the most important people in our lives, so they should be celebrated. SDCA wants to wish all our families a happy and healthy weekend!
